### Spotlighting: Sukhalatha Dayanand

She is one of our Special Education Teachers that transferred from our high school. She has arrived and fits perfectly into our family. She has given our exceptional education students a more precise understanding of core area subjects. She continuously monitors students' completion of tasks throughout the day with adjustments made to the activity sequence as necessary. Also, she cooperates in developing a program of continuous progress consistent with District goals and objectives to meet the needs, interests, and abilities of special education students.

## Integrity

### What does integrity look like?

Integrity keeps commitments. Integrity tells the truth. Integrity takes a stand for what's right – even when it's not popular. Integrity has a strong sense of self. Integrity respects others, their beliefs and their skills. Integrity is dedicated to a code of ethics. Integrity has inner strength. Integrity associates with people who have strong morals. Integrity lends a helping hand. Integrity has discipline and self-control.

### Living with integrity means

- Not settling for less than what you know you deserve in your relationships.
- Asking for what you want and need from others.
- Speaking the truth, even though it might create conflict or tension.
- Behaving in ways that are in harmony with your personal values.

### Examples

Keep your word

Stay focused

Take responsibility

You “yes” means yes and your “no” means no.
